

## Come Join us and Code your way into Team Lego #2!

For the second year in a row, [xe.gr](https://xe.gr) opens its doors to welcome the next generation of **Software Engineers without any prior work experience**, to join Team Lego #2!

After successfully onboarding 20 aspiring young professionals last year, already productive members of our growing IT team of 54 developers, we are in the lookout for talented and ambitious individuals who seek the opportunity to build a rewarding career in software engineering!

Being part of Team Lego means working on real life projects, under the guidance of an experienced mentor. Learning, while seeing your work live and used by millions monthly. Jumpstart your career with us!

This is a full-time paid position with an open-ended contract!

Take the opportunity to join our team. Check out more about the Team Lego #2 initiative [here](#) and apply by May 25th
